

SECOND GRADE NEWS

March 1, 2011

CREEK VIEW ELEMENTARY

MATHEMATICS

In math we will begin Unit -7 Fractions. Students will:

- Understand and compare fractions
- Investigate fractions and define them as equal parts of a whole or set
- Explore many ways fractions can be represented and used
- Identify and model fractions of a whole objects
- Find fractions of a set

LANGUAGE ARTS

- Identify and infer main ideas and supporting details
- Read compound words and contractions in grade appropriate text
- Consistently write in complete sentences

Science

In Science we will :

- Demonstrate how pushing and pulling an objects affects the motion of the object.
- Demonstrate the effects of changes of speed of an object.

HEALTH

In health we will cover the following topics:
Food for Fitness
Staying Well

March 18th

- 3-9 Jerseys for Jacob
- 3-16 Picture Day
- 3-17 St. Patrick's Day
- 3-18 PTA Basket Raffle
- 3-21 Volunteer Training

Reminders

Make sure your child is practicing the CRCT online test. Go to <https://www.georgiaoas.org> and <https://www.pearsonsuccessnet.com> Your child's login and password are located in their agenda.

They may take teacher assigned tests and practice tests.

Standardized Testing

Although second grade will not be taking CRCT this year your child can still practice. Make sure you are reading with your child regularly. Ask comprehension questions to check understanding. Now is a great time to review basic skills with your child.
