

GED TEST INFORMATION

What are the GED tests like?

Five separate tests make up the GED Battery. The tests are checked out one at a time, all the time. Tests are block scheduled, everyone starts the test together and is required to stay seated until time is up for the entire group and materials have been collected. It is very important to arrive at the scheduled check in time with your government issued picture ID; if you are late or do not have your ID you will not be allowed in the testing room and will have to pay additional fees to reschedule. Examinees may take the entire battery in one day or schedule to take a minimum of two per visit until completed. (All testing is by appointment only; testing appointments are scheduled through pre registration.)

Use of dictionaries is not permitted. No food or drinks are allowed in the testing room. Notebooks, scratch paper, other reading materials, handbags, book bags, briefcases, etc, will be left at the bookshelf upon entering testing room. Calculator (Casio fx260 solar see attached sample) use is permitted on Part 1 of the Mathematics test. **(EXAMINEE may purchase this calculator for practice prior to testing, but **MUST NOT BRING CALCULATOR TO THE TESTING ROOM.** Classes are available, through the Adult Education Program if needed, on calculator operation. **CALCULATORS WILL BE PROVIDED, BY THE TESTING CENTER, FOR USE DURING THE TESTING SESSION.) USE OF ELECTRONIC DEVICES SUCH AS CELL PHONES IS PROHIBITED** in the testing room. They must be turned off and left at the bookshelf. Failure to comply will result in forfeiture of tests and testing fees.**
