

North Springs Charter High School Community Meeting

February 27, 2018 • 6:30 to 8:30 p.m.

Agenda

Introduction – Patrick Burke, Deputy Superintendent of Operations

- I. Welcome and Introduction of Special Guests

Activity – Christian Long, founding partner of Wonder, by Design

- I. Discussions and activities to answer **three essential questions**:

Horizon Line:

- What are the emerging educational, business, technological, and cultural trends that will define our collective future (and thus our students will both face, create, and lead)?
- What is becoming obvious but not yet strategically addressed as a school?
- What is currently out of sight but clearly going to affect our school's future?

Baseline:

- What are the historic and current realities of North Springs as a learning community?
- Given these elements: what must be held onto, what must be let go of, and what must be added in the years ahead for North Springs to be a competitive and adaptable learning community?

Plausible Pathway(s):

- How might we re-brand and re-purpose North Springs to uniquely position young people to be competitive and confident as they step into these futures?
- What creates a unique value proposition for North Springs as a learning institution – within a field of schools/programs – in the future?

- II. Closing discussion

Next Steps – March 8, 2018

More Information: www.fultonschools.org/en/SPLOST/Pages/North-Springs-High.aspx

FCS staff will be available to answer more questions after the activities if needed.
