---

---

---

What programs/software did you use to create your project?

---

---

---

The Georgia Educational Technology Fair adheres to the Intellectual Property and Copyright Laws of the United States. Participants are required to list and show permissive use of all non-participant created content, including text, images, audio, and video content. Students' use of copyrighted material should not be a substitute for creative effort. Students should be able to understand and demonstrate, in a manner appropriate to their developmental level, how their use of a copyrighted work repurposes or transforms the original.

Participants will be disqualified for not listing all copyrighted content. Participants will not be disqualified because of errors in formatting the list. Below, list ALL non-student produced materials used in the project. Note from where permission was obtained. Attach ALL written permissions to this form.
