(Student's Name)

Dear \_\_\_\_\_ (Sponsor)

Hembree Springs students and staff spend many hours each week on the playground and need a better area for playing and for physical education classes. The Go4Green Playground team is raising funds for an improved playground and we need your help. Funds raised by this project will replace the hard red clay (with exposed rocks) with a soft, green, grassy playground for our children to enjoy during recess, PE, and after school.

The total project will cost \$42,350 which will allow us to complete grading, add top soil, an irrigation system and purchase the sod necessary for a safe playground. A team of volunteer parents will lay the sod during a work weekend to be scheduled after we meet our fundraising goal. **We already have \$19,908 and our goal is to raise the balance \$22,442 by October 30!**

I would appreciate your support in sponsoring the Go4Green playground fundraiser. If each family donates \$75 we can quickly raise the estimated \$22,442 needed to finish the playground! This includes our extended family – grandparents, aunts, and uncles (for example: \$25 from parents, \$25 from grandparents and \$25 from aunt/uncle). Through your donation checks to Hembree Springs Elementary (write Go 4 Green in the "For" line) we will soon have a beautiful field of grass! Don't forget that your employer may also match your donation.

As an incentive, the class that raises the most money will get a pizza party and the teacher will get \$50 to purchase books for the classroom. Please support this initiative and make a donation! Return this sponsor form with your check by October 30, 2009.

Yes, I want a safe and enjoyable playground for my family member!
