

STARTING MONDAY, OCTOBER 12th NEW CARPOOL DIRECTIONS

Green Arrows - entrance for normal flow of traffic

Blue Arrows - "NEW" additional flow of traffic.

Red Arrows - exit route for all traffic

Due to recent construction directives, we no longer have access to the loop-area near the Kindergarten Hallway. Traffic will enter as normal, with the additional lane highlighted in blue, and merge together before turning left towards the drop off area.

Please know we will have extra staff on hand to assist with directing traffic for our new carpool procedures. We kindly ask that parents arrive after 7:20 in the mornings and no earlier than 2:15 in the afternoons for dismissal. This is necessary in order to allow all staff and visitors access to parking spaces. We appreciate everyone's flexibility and understanding with these necessary changes as we continue to improve the AES facilities.
