Greetings SSCMS Families,

Effective Monday, March 16, 2020, Fulton County Schools, including all schools and administrative offices, will be closed until further notice. This action is being taken in an effort to slow the rapidly spreading COVID-19 virus. If you are experiencing an emergency, please seek immediate assistance and/or call 911. For your convenience some resources are listed below:

**Immediate Mental Health Resources**

The following facilities provide 24-hour assistance and have shared with the District that they will complete emergency assessments at no cost. If your child already receives support from a mental health provider, you may wish to make contact with that professional first. You may also want to check with your insurance company regarding mental/behavioral health coverage. Please note that the District does not endorse any provider, makes no representations as to the effectiveness of these providers, and makes this information available only as a helpful resource.
