Friday March 27, 2020

Taylor Road Family,

As we navigate our new learning environment, we continue to plan for the 2020-2021 academic year. To ensure that we are placing students in the correct courses, we are asking parents of our current 6th and 7th grade students and our rising 6th grade students to please view their student’s course plan and ensure that it is what was expected. Once you have viewed the recommendations, if you have any questions or concerns please contact your student’s current teacher for that subject no later than Monday April 6th.

Course requests may be viewed through the parent portal or the student portal from Tuesday March 31st through Friday April 3rd, 2020.

Directions to view course requests:
(1) Use your credentials to sign into the portal
(2) In the menu to the left, select “More”
(3) Select “Course Registration” from the “More” sub menu
(4) Select the school year/school in the Course Registration Enrollments drop down

Reminders:
(1) TAG courses: .2 in the course number.
(2) Students receiving special education services will have placement determined by their IEP.
(3) Rising 6th grade students who qualified for a world language may opt to take reading instead. Students that choose this option may have an opportunity to take world language for a high school credit in 7th and 8th grades.
(4) Rising 6th grade students opting into enhanced math that did not meet course qualifications will also have a math connections course listed.
(5) Rising 6th grade students not enrolled in music connections will have a Place Holder listed for general connections.

Thank you and don’t hesitate to reach out if you have questions or concerns,

Martha Patorgis
Assistant Principal
Taylor Road Middle School
