

## **Tri-Cities High Additions and Renovations Project Update**

Dear Parents,

If you have visited our campus recently, you may have noticed the increased presence of construction equipment. When students return from Spring Break, the next phase of our school renovations and additions project will officially start.

Beginning this month, construction crews will make minor roof repairs, install new PE lockers, and replace some ceiling tiles and flooring. They also will replace various plumbing fixtures, interior/exterior doors, door hardware, cabinets, window blinds, marker boards and tack boards, as well as upgrade the science lab ventilation systems and eyewash stations.

Construction also begins this summer on our new Culinary Arts and Physical Education buildings while the law enforcement, cosmetology, and fine arts areas (art rooms, drama, auditorium and new outdoor art space) begin their renovation. The auditorium stage floor will be refinished, and in the black box theater, workers will replace ceiling tiles and lighting. In addition, the theater's wooden floor will be refinished and the sound system will be upgraded. The main gym also will receive new flooring and bleachers, and campus parking will be improved.

The entire renovations/additions project is expected to finish by next summer, July 2022. As you can see, it will be a busy time for Tri-Cities High School over the next year but these improvements will provide our school with a learning environment that meets the growing needs of our students and staff. Fortunately our contractor, Carroll Daniel Construction, has a strong track record of quality work with Fulton County Schools. They have experience working at schools where classes are ongoing and are mindful of safety and limiting disruption.

Thank you to our Fulton County voters who have supported the one-penny education sales tax, SPLOST (Special Purpose Local Option Sales Tax), which is funding these campus improvements. If you have any questions, please feel free to reach out to me. I hope you have a restful and safe Spring Break.

Sincerely,

Dr. Ethel Lett  
Principal  
Tri-Cities High School
