NOTE: The mean National Percentile Rank = 50%ile for all subjects

In the fall of 2016, Fulton County updated the norm referenced test from Form A ITBS to the Form E Iowa Assessment. Form E is a different test that contains content that is more relevant to our current population and is more aligned with our current standards. The norm group for Form E is from 2011 while the norm group from our previous test is from 2005. The Iowa and the ITBS with different norms cannot be directly compared. 2016 scores will become baseline data for trend purposes. In 2017, scores will be presented for 2016 and 2017 with 2011 norms.

In the fall of 2016, Fulton County updated the norm referenced test from Form A ITBS to the Form E Iowa Assessment.

Form E is a different test that contains content that is more relevant to our current population and is more aligned with our current standards.

The norm group for Form E is from 2011 while the norm group from our previous test is from 2005.

The Iowa and the ITBS with different norms cannot be directly compared.

2016 scores will become baseline data for trend purposes.

In 2017, scores will be presented for 2016 and 2017 with 2011 norms.

In the fall of 2016, Fulton County updated the norm referenced test from Form A ITBS to the Form E Iowa Assessment.

Form E is a different test that contains content that is more relevant to our current population and is more aligned with our current standards.

The norm group for Form E is from 2011 while the norm group from our previous test is from 2005.

The Iowa and the ITBS with different norms cannot be directly compared.

2016 scores will become baseline data for trend purposes.

In 2017, scores will be presented for 2016 and 2017 with 2011 norms.
