MBES School Governance Council Is Requesting Your Input

As part of the Medlock Bridge Elementary School Strategic Plan, the MBES School Governance Council is proposing a Request for Flexibility for the 2015-16 school year. A Request for Flexibility is a proposal to waive district and/or state laws/policies to implement a school based strategy. We would like your input on the proposed Request for Flexibility.

Request for Flexibility Summary: The SGC is proposing that two professional learning days for the staff be added to the 2015-16 school calendar so that the staff can be trained on Project Based Learning (PBL) and Science, Technology Engineering and Math (STEM) best practices. This would mean that there would be no school for the students, but the staff would report for a full day of training on both days. The proposed staff learning days would be Friday, September 4, 2015 and Tuesday, February 16, 2016.

This is a brief summary of the proposed Request for Flexibility. We encourage you to review the proposed Request for Flexibility in its entirety, you can see the document on the school website here: http://bit.ly/1wQDo7l

The SGC would like to hear your comments on the proposal. You may submit your comments on the proposed Request for Flexibility in five ways:

- Fill in the comment section on the lower part of this form and return it in your child’s folder.
- Fill in the comment section on the lower part of this form and place it in the red SGC Request For Flexibility comment box located by the front desk at the school.
- Fill out a comment card that is located next to the red SGC Request For Flexibility comment box located by the front desk at the school.
- Email your comments to Rachel Allen, SGC Chairperson at: Rachelpallen@fultonschools.org
- Attend the SGC Meeting on December 1, 2014 in Room 131 at 3:00 PM

We look forward to hearing from you!
