

# Fulton County Schools Digit@l Learning

## Family/Home Edition

### Parents/Family Members:

Hosting a TeleSchool experience may be new for you! As your student is working independently, here are a few suggestions to help them be successful during this time. You may even consider these tips for your own use at home.

1.  Ensure that all devices are fully charged and ready to use.

2.  Provide a quiet, safe space for your student to work.

3.  If you or your student has questions about the assignments, teachers can be contacted via student's Office 365 email account.

4.  Provide students with supplies to complete work tasks (paper, pencil, rulers, and sufficient internet service).

5. Most online resources can be accessed via Classlink.  
Go to:  
<https://launchpad.classlink.com/fcs>

6. If students need to read independently, they can access ebooks and other reading material via these apps in Classlink.
