

 GO Fulton

### Step 1. Complete & Submit Your Application

Go to [www.fultonschools.org](http://www.fultonschools.org) , Careers, Join Our Team, Teaching - Candidate Pool, to start your application.

Three Unique Components to the Application:

- You will be asked to select desired Learning Communities (geographic).
- The Teacher Fit Inventory is part of the initial selection criteria. You cannot save it and return later.
- The “Student Data Set Exercise” is scored upon submission. Scores are visible to school leaders.

*Start your journey toward a fulfilling teaching career “Where Students Come First”.*

### Step 2. Schedule & Complete a Central Phone Interview

*The only district in Georgia that hires top performing teachers to interview teacher applicants.*

- You will receive two emails within 48 hours of submitting your application. One email directs you to schedule a phone interview online, the other gives you instructions for how to prepare. Please read all instructions carefully.
- Phone Interview scores are also visible to school leaders.
- If you do not receive an invitation to schedule a phone interview, please email [teacherselection@fultonschools.org](mailto:teacherselection@fultonschools.org)

### Step 3. School Based Interviews

- Once you are in the Teacher Candidate Pool you may receive invitations to school based interviews (via email or phone).
- Each school may have different interview protocols. We recommend researching the individual school in preparation for the interview.
- If you are a Special Education Teacher, please email [younge1@fultonschools.org](mailto:younge1@fultonschools.org) to schedule a central interview for an early contract.

*“School Fit” is key in a charter system where each school gets to have its own unique identity.*
