

Autrey Mill Middle School
School Governance Council Candidates
Voting Window: March 24-March 31, 2021

Parent-Guardian Candidates

Marcelis L. Baxter

My name is Marcelis L. Baxter, Father of Blake Baxter (Attending Autrey Mill Middle in the Fall). Since my daughter was 2, I have been heavily involved in her success with every school she has been apart of. I now have 2 currently at Medlock Elem. I would like to continue being heavily involved in the school and being apart of the School Governance Council will help with my involvement. My employment background is 15 years with the ettain group. We are the 12th largest IT Talent Solutions company in the US. This job allows me to help people all over the world find opportunities based on my relationships with clients. My goal is to take my relationship skills to promote diversity & inclusion with parents and staff. It always helps to have someone to speak up for others that look like them. Thank you. MB

Megan Bradley

My name is Megan Bradley. I have a 6th grader at AMMS and a 2nd grader at Medlock Bridge. I have served as the PTO President at Medlock for 4 years. I have degrees in Political Science and Elementary Education. I was a Special Ed preschool teacher for 7 years. I want to serve on the SGC because education is my passion. My experience in the classroom helps me understand the perspective of teachers and administrators when talking about Strategic Plans and Requests for Flexability. I have developed relationships with FCS leaders through my PTO role and developed a reputation as a problem-solver and doer. I have taken existing programs and grown them to do more and I have taken ideas and turned them into new events and opportunities for the school. This has been an unusual first year as an AMMS parent but I am excited to become more involved with the school next year and help shape it for my son and, in a few years, my daughter.

Yassir Jorio

Yassir Jorio, Entrepreneur & IT Expert. Education has always been a field of interest, and I can bring a lot of experience in management to the council. My goal will be to engage with families and community members in the essential dialogue about Autrey Mill students' achievements and preparing all students for success. I can certainly and effectively assist Autrey Mill MS administration in making programmatic and operational changes to improve the school's achievement, derived from my business and IT field experiences.
