Banneker High's 3DE has led to significant increases in student performance, including a 92% graduation rate.

AdvancED, a global accreditation agency, endorsed the 3DE program at Banneker with STEM Certification, stating that it is one of the most complete models of any school that has participated in the AdvancED certification process. “3DE students engage in experiences that will not only support their readiness for STEM learning and work after high school, but will also help to build skills and resume’ items that represent differentiations for these students in competitive environments,” said Scott Davidson, AdvancED Director.
Woodland Middle School forged a partnership with IGNITE College Park Resources Center and the Right Hand Foundation. IGNITE provided 200 white boards for students.

Brookview Elementary partnered with Hands on Atlanta and LexisNexis. The organizations donated 100 Remote Ready School Supply packs for students.

Feldwood Elementary partnered with DPR Construction to assist with outdoor seating for lunch and lessons. The company provided a STEM outdoor classroom for students.

Banneker’s SAFE Center provides resources for students and the community. From clothing assistance to a food pantry, the center makes it possible for students to have all the resources needed for learning.
