FULLY FUND GEORGIA'S QUALITY BASIC EDUCATION (QBE) FORMULA

- Ensure full QBE funding so students receive the maximum resources needed for meeting their educational potential.

SECURE ADDITIONAL STATE FUNDING FOR LITERACY COACHES AND COUNSELORS

- Secure comprehensive funding for literacy coaches in every school to enhance reading and writing proficiency among students, fostering improved academic outcomes.
- Ensure ample financial support for maintaining an appropriate counselor-to-student ratio, promoting students' mental health, providing guidance, and contributing to a positive school environment.

PRESERVE RESOURCES FOR DUAL ENROLLMENT

- Advocate for dedicated funding to sustain and expand dual enrollment programs, allowing high school students access to college-level and technical courses, ultimately bolstering college and career readiness.

OPPOSE EXPANSION OF VOUCHERS

- Firmly reject any proposals for the expansion of voucher programs, emphasizing the importance of preserving public education funding and accessibility for all students.
- Require uniform regulations for private schools receiving state funding, aligning them with public school standards. This includes adherence to standardized testing (GMAS), meeting special education requirements, and maintaining consistent public reporting practices.

LIMIT LOCAL TAX EXEMPTIONS REDUCING LOCAL AND STATE REVENUES

- Ensure local exemptions for ad valorem property taxes do not compromise the financial support essential for maintaining a high standard of education. Balancing support for seniors with fiscal responsibility is crucial for sustaining the education system.
