February 27, 2015

Dear Parent/ Guardian:

To keep pace with the growing student population in North Fulton County, the Fulton County School System will open three new middle school classroom additions at Autrey Mill Middle School, Hopewell Middle School, and Taylor Road Middle School. Community meetings were held in October, November and December 2014 to create attendance zones for the new classroom space.

In February of 2015, the Board of Education approved the proposed redistricting of your area for the 2015-16 school year. As a result, your student’s home school will change from River Trail Middle School to Autrey Mill Middle School. Your student’s records will automatically be forwarded to the new school.

Your child’s new school will likely send out correspondence to welcome your family in the fall, but you can feel free to contact the school to set up an appointment to visit and become familiar with the school and its faculty. You may contact Autrey Mill Middle School at 4110 Old Alabama Road, Johns Creek, GA 30022, 770-521-7622, Principal – James Zoll.

If you have any questions regarding redistricting, please contact the Operational Planning Office at 404-763-5540.

Sincerely,

Yngrid L. Huff
Executive Director

February 27, 2015

Dear Parents,

On behalf of the faculty and staff of Autrey Mill Middle School, I send you a warm welcome to our school. Our mission statement is “Preparing Students for Tomorrow’s Challenges” and our vision statement is “Engaging All Students through Rigor, Relevance and Relationship.” We have an outstanding faculty and staff who work collaboratively to meet the needs of all students.

Our school is similar to River Trail though the layout is opposite. When you walk into the atrium, the cafeteria is on the left and the gym on the right. We also have two stories in the back and our eighth grade is located downstairs. An addition with eleven new state of the art classrooms is in progress. While you will see several portables on the campus, these will be removed once the addition is completed. Our projected enrollment for next year is slightly over 1400.

Autrey Mill is consistently high achieving and is always one of the first schools to participate in new and exciting initiatives. We are a cohort one school in the transition to the charter district model and we have a very active and supportive governance council. We are also one of the first schools to move to one to one technology as all our students will receive iPads next year. Our goal is to always provide engaging instruction and student centered learning. We offer many opportunities for students including our outstanding music programs, drama, sports, and numerous clubs.

I know the transition to a new school can cause some anxiety so feel free to learn more about the school from our website (http://school.fultonschools.org/ms/autreymill/Pages/default.aspx) or email me directly at zoll@fultonschools.org. I also encourage you to get involved with our exceptional PTA. I would also like to welcome you to visit the school on one of the following dates:

Rising Sixth Grade Parent Night – March 17 – 6:30 p.m.
Seventh and Eighth Grade Student and Parent Night – March 25 – 6:30 p.m.

Sincerely,

James A. Zoll, PhD
Principal

Ashley Agans, Assistant Principal, Ed. S.

Mimi Gamel, Assistant Principal, Ed. D.

Abby May, Assistant Principal, Ed. S.
