Dear Parents and Guardians,

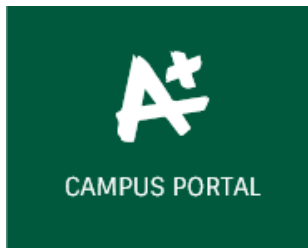

The start of the 2020-21 school year with Universal Remote Learning means your access and experience with Infinite Campus, our Student Information System (SIS) will be more critical than ever before. Fortunately, customized enhancements to Infinite Campus were already in process to add resources for parents who utilize this SIS.

Student Support Modules moving to Campus Portal

For the 2020-21 school year, students, parents, and FCS staff will benefit from using a fully integrated system with Student Support Services. The SIS now contains Response to Intervention (RTI), 504, and Special Education modules within Infinite Campus. The new product features will improve access to student information for parents in Campus Parent and allow you to follow your student's progress in their programs.
