Program Description

Student Leadership Johns Creek is a program for emerging leaders in their sophomore and junior years. Students apply in December/January of their freshman or sophomore year for the two-year program. Applicants are accepted from Centennial, Chattahoochee, Johns Creek, and Northview High Schools.

The program is run by an advisory council under the board directorship of Leadership Johns Creek, a 501c3 non-profit in collaboration with Fulton County Schools.

In year one of this two-year leadership program, leadership skills will be developed through a series of structured learning experiences and then utilized in community service projects within Johns Creek. In the second year, students will have a more individualized focus, implementing the skills learned in year one to find leadership opportunities after high school and college.

A class of approximately 50 young adults will be selected from area high schools and will be introduced to a core curriculum of leadership skills including goal setting, project management, team building, governmental process and communication skills.
