Daily Announcements

Today, we recognize the many men and women that are a part of and have served in the Air Force. The Air Force focuses on protecting our airspace and now even security in areas of satellite deployment, but only a small fraction of personnel actually fly. Most airmen and airwomen work on flight support missions, handling base affairs, protecting bases, constructing new airstrips, guarding missile sites, even doing rescues. We thank those that have served in the Air Force.

Attention all seniors! The senior quote submission form has been released. The deadline for submission is TODAY.
