Hooch Café serves Chef-Inspired Georgia Green Kale and Apple Salad! This January, the café is not only serving fresh apples at breakfast and lunch from a regional farm all month long, but they are also featuring a farm fresh and chef-inspired Kale and Apple Salad at lunch as part of Fulton County’s School Nutrition Farm to School Initiative. Maximizing peak freshness, the kale was grown and harvested in Norman Park, Georgia, and the apples are farm fresh from Hendersonville, North Carolina! Because both the kale and the apples are grown close to home it helps support our local farming economy, and takes less fuel to get to our cafeterias! The dark leafy green kale is not only Georgia grown, but also is great for your body! Kale is packed with vitamins A, C and K! You’ve got to try this kale and Apple salad, served in the café as a side salad! Plus, the entire month of January, all fresh apples served at breakfast and lunch are from Hendersonville, North Carolina!
