

Dear Parents and Guardians:

Fulton County Schools and Rethink Ed have partnered to provide you access to our online program used to teach our Student Success Skills. This online program provides videos and activities for both adults and children, access to strategies and tools that will help you and your child recognize and manage emotions, build stronger relationships, and develop skills to lead happy and healthy lives in school and beyond.

You can access this online program through creating your own ReThink Ed Parent Account or through your student's ReThink Ed Student Account via ClassLink. To access your student's account, log into ClassLink using your student's login information and then click on the ReThink Ed app!

What Will I Have Access To?

Student and parent logins will allow you to access the following features:

- Access on-demand videos presented by experts in the field developed
- Strategies and printable resources to help your child develop skills, set positive goals and make responsible decisions
- Your child will have access to engaging video and activities that provide opportunities to develop decision-making skills, identify and manage their emotions, feel and show empathy toward others, and communicate well with others
