Microeconomics
Music Theory
Physics 1 & Physics 2
Physics C Mechanics
Psychology
Spanish Language & Literature
Statistics
U.S. Government
U.S. History
World History

**Honors level courses (22) are
taught in the areas of English,
Mathematics, Science, and
World Language.**

School, Community and Curriculum Highlights

Cambridge High School...educating, challenging and inspiring all students to reach their full potential and achieve college and career readiness” is the mission that drives Cambridge High School. Opening its doors in August 2012 to serve the communities of Alpharetta and Milton in a northwestern suburb of Atlanta, the school currently has an enrollment of 2,089 students. Cambridge adopted the “Bears” as the mascot with navy blue, Carolina blue, and white as it’s official colors.

Cambridge High School offers a broad program of courses and experiences that address the academic, physical, and social needs of its students. Students can participate in a variety of academic, enrichment, and extra-curricular study halls through P.A.W.S. (People Always Willing to Share and Support) and service organizations with over 85 clubs, literary publications, and sports teams from which to choose.

Cambridge High School offers six classes, a lunch period, and opportunities for individual enrichment and advancement each day. The school year consists of two eighteen week semesters. Students selected for the Talented and Gifted (TAG) program have the opportunity to enroll in seminar courses, directed study courses, and internships.

Over forty percent of the student body participates in the TAG program. Performing arts and visual arts are available to interested students, along with career technology pathways for those who wish to explore different career options: Business and Computer Science, Broadcast and Video Production, Law and Justice, Marketing, Engineering Technology, and Agriculture and Veterinary Sciences. Students can also choose to participate in the Work-Based Learning program.

Dual enrollment opportunities exist for all students who wish to earn college credit. College Linear Algebra and Multivariable Calculus classes are taught by Georgia Institute of Technology through a distance learning program. Several Dual Enrollment courses are offered at the Cambridge High School campus through Young Harris College.

Cambridge High saw an increase of 21 points in the average SAT this past year!

2020 Graduate Profile

SAT

2020 **Cambridge** Mean EBRW: 606
2020 **System** Mean EBRW: 545
