Most of what I really need
To know about how to live
And what to do and how to be
I learned in kindergarten.
Wisdom was not at the top
Of the graduate school mountain,
But there in the sand pile at school.

These are the things I learned:
Share everything.
Play fair.
Don't hit people.
Put things back where you found them.
Clean up your own mess.
Don't take things that aren't yours.
Say you're sorry when you hurt somebody.
Wash your hands before you eat.
Flush.
Warm cookies and cold milk are good for you.
Live a balanced life -
Learn some and think some
And draw and paint and sing and dance
And play and work everyday some.
Take a nap every afternoon.
When you go out into the world,
Watch out for traffic,
Hold hands and stick together.
Be aware of wonder.

School Mission

Collaboratively Working to Encourage Success
Our Kindergarten Mission

• We recognize that children grow at varying rates
• We support opportunities for individual growth
• We stimulate social, emotional, cognitive, and physical development
• We allow children to learn through hands-on exploration of their physical world
• We provide a creative and stimulating environment where every child is made to feel safe, secure, and important!
READINESS FOR SCHOOL

Because of the national focus on improving education and meeting standards, you might think that it's most important for children to enter kindergarten knowing their ABCs, numbers, shapes, and colors so they can keep up with the curriculum. There are equally — if not more — important readiness skills that set the stage for your child's learning.

Is my child ready?

✓ physically
✓ socially
✓ emotionally
✓ intellectually
HOW CAN I PREPARE MY CHILD FOR SCHOOL?

Physically

• play a variety of indoor and outdoor games
• design and construction activities
  - scissors, glue
• draw and scribble
  - crayons, paintbrush, pencils
• practice opening lunch box, drink container and food packets
• establish routines – meal times, story time, bed times
HOW CAN I PREPARE MY CHILD FOR SCHOOL?

Socially-
- Ensure opportunity to play with other children
- Teach how to
  - share and take turns
  - recognize and look after own belongings
  - recognize own name
- Practice
  - good personal hygiene (using restroom independently, washing hands, buttoning pants, using and disposing tissues)
  - talking to other adults and communicating needs
  - following simple directions
HOW CAN I PREPARE MY CHILD FOR SCHOOL?

**Emotionally**

- **Build respect**
  - encourage independence
  - give positive feedback
  - focus on their assets and strengths
  - accept them as they are
  - give them responsibilities (feed a pet, clean up after themselves, help with dinner routines)

- **Provide a sense of security**
  - give simple, clear instructions
  - have a few simple, age appropriate, rules
  - time without you
HOW CAN I PREPARE MY CHILD FOR SCHOOL?

**Intellectually**

- Share and enjoy books
- Sing nursery rhymes
- Play word games - I Spy, Simon Says
- Puzzles
- Talk about shapes, colors, position words, quantities, groups
- Balance screen time with personal interactions and play time
