Dear CVES families,

As you know, all FCS schools will be closed until further notice as a precautionary measure given the concern over the COVID-19 Coronavirus. I will continue to send updates through email until we return to school. In addition, teachers will also send communication for their classes.

Our intent is to continue learning for our students the best we can through implementing our Extended Digital Day plan. Our primary method of instruction will be through assigned lessons and activities, which will be communicated through email. Our teachers are currently working to compile lessons and activities that will reinforce and teach the most critical standards. Students in grades K-2 should spend approximately 60 minutes per day to complete lessons and assignments, and students in grades 3-5 should spend approximately 90-120 minutes per day. To support our students' social and emotional needs during the extended time away from school, we will also provide social emotional lessons for students in grades 3-5. I will send a message later today with the lessons and activities for students to complete beginning March 16.

Please remember all students have access to online textbooks and other online platforms (iRead, iReady, BrainPOP, etc.) through the Classlink app, which is accessible through the CVES website or the FCS website.

3rd, 4th, and 5th grade students may come to school today between 10:00-11:30 to pick up any books/resources they left in their classroom.

We will try our best to reschedule any events, including our Basket Raffle. If we are unable to reschedule a field trip, we will issue refunds.

I understand remote/digital learning plans will not provide the same rigor and quality instruction as face to face instruction; however, our primary goal is to continue your child's education and learning as best we can with the resources available to us. Your child's teacher will be available to answer questions you may have through email. On behalf of the CVES staff, we truly appreciate your support and the privilege of partnering with you in educating your children.
