Rigor - What are the average AP requirements? There is no set requirement across all applicants since we consider the rigor that is offered at the specific high school of the applicant, and if that student has taken advantage of that rigor. After a quick overview, it looks like our admitted students from Cambridge last year had taken between 2-5 AP classes.

Extra-Curricular Activities – What does the school look for? In an effort to interpret personal experiences and accomplishments that would lend themselves well to our campus community, we like to consider activities students pursue outside of the classroom. Sometimes this is in the form of clubs on campus, and in this case, we like to see that students show commitment or leadership within that organization. We also consider part time jobs, family responsibilities, and community organizing to be valuable experiences that demonstrate an ability to thrive on our college campus.
