

Summer School

2021-2022 School Year

Summer School is an opportunity for high school students to accelerate or recover credits during the time between school years. This includes students who receive services via an Individualized Education Plan (IEP). Face-to-face (F2F) and virtual offerings exist, and often provide students with a broader array of options than those available during the school year. The summer session is a condensed version of content provided during the school year, and students must have their course requests validated by their counselor before being enrolled.

For Summer School 2022, students who have previously failed a course and/or failed an EOC can retake the course for free through **Face-to-Face Summer School** or **Fulton Virtual School**. Students may take up to two credits at no cost. Students who choose to accelerate through **Fulton Virtual School** during the summer will require tuition.

Face-to-face Summer School courses will be offered for **special education students who require an adapted curriculum** (those assessed on the Georgia Alternate Assessment 2.0) that demonstrate learning loss. These students can choose to participate in face-to-face summer school June 8 – July 8 at select summer school sites. Special education transportation can be provided per the student’s IEP and through the registration process.

If you have questions about summer school, please contact your student’s school counselor at his/her local high school. After June 3rd, please contact the summer school location serving your student’s high school.

Fulton Virtual School (June 1 - July 13, 2022)

Fulton Virtual provides online learning options for middle and high school students throughout the district, enabling greater flexibility for students aiming to recover credit or accelerate classes. Fulton Virtual courses are teacher-led; instructors work with students, parents/guardians and other interested parties (e.g., counselors) to deliver course learning objectives and support the academic needs of each student.

The offerings of Fulton Virtual School provide varied and dynamic content, user friendly customization and personalization options, as well as opportunities for students at earlier ages to engage in learning virtually.

Students can expect to spend 3 hours per day for each semester course taken in the summer term.

Courses

All Fulton Virtual School summer course selection questions should be directed to your home school counselor.

Fulton Virtual Online Registration

<http://fulton.geniussis.com/PublicStudentCourseRegistration.aspx>

Parents and students request courses through the Fulton Virtual School web page. Once a course request has been created, an email is sent to the student's home school for review by the counseling staff. The review and approval process takes about two weeks. If it is approved, a follow-up email is sent to the parent/student requesting that they log back in to fulton.geniussis.com to pay for their courses (if applicable).
