What is a School-Family Compact?

A School-Family Compact for Achievement is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all students reach grade-level standards.

Jointly Developed

The compact was jointly developed with Hapeville parents, students, teachers, and community stakeholders. Each group submitted strategies and ideas to help students achieve academic success.

The compact is updated at least annually to meet the changing needs of our school and families. Feedback is welcome throughout the school year.
