Impact of COVID: Educational Setting

Spring 2020- Fall 2020 - All students participated in remote learning starting Spring semester 2020 in mid-March thru Fall semester 2020 up until October. At that time, students had the opportunity to stay remote and continue learning in the virtual setting or they could return to school for Face-to-Face instruction. **Fall 2021-2022**- All students within Fulton County Schools returned to their home school for Face-to-Face instruction.

Impact of COVID: Grading Marks on Transcripts

Incomplete(I): An Incomplete(I) was entered as a temporary final course grade on the transcript of students affected by remote learning and unable to complete at least 80% of the course's summative assignments. Students with an Incomplete (I) had until the end of Summer 2021 to clear the Incomplete(I) and receive exposure to and mastery of missed content.

Credit (CR): Upon completion of an Extended Learning opportunity, the Incomplete (I) listed on the transcript was changed to Credit (CR) during the term the Incomplete (I) was received. No credit was awarded to the grading marks of Credit (CR). Instead, the final course grade and credit earned was listed on the transcript during the term the student participated in Extended Learning and showed mastery of course content.

Withdraw Fail (WF): Students who did not clear Incompletes (I) through Extended Learning by the end of Summer 2021, should have received a Withdraw Fail (WF). Withdraw Fail (WF) has no impact on a student's GPA. Students who received a Withdraw Fail (WF) are required to retake the course, if needed for graduation.

Incompletes (I) for courses not needed for graduation remaining on student transcripts. Incompletes (I) do not impact numeric GPA calculations.
