

What is a School-Family Compact?

Mimosa Elementary students participating in the Title I, Part A program, and their families, agree that this compact outlines how the parents, the entire school staff, and the students will share the responsibility for improved academic achievement as well as describes how the school and parents will build and develop a partnership that will help children achieve the state's highest standards.

Jointly Developed

The parents, students, and staff of Mimosa Elementary partnered together to develop this School-Family Compact for achievement. Teachers suggested home learning strategies, parents added input about the types of support they need, and students told us what would help them learn. Parents are encouraged to attend annual revision meetings held in the spring each school year to review and revise the compact and make suggestions based on student needs and school improvement goals. Parents are encouraged to participate in the annual Title I parent survey that is used as a tool to collect parent feedback regarding the current Title I program.
