

View Course Requests in Infinite Campus

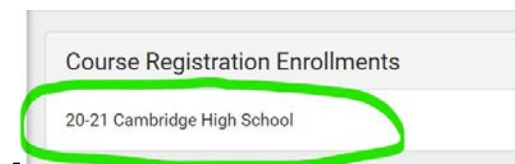

Step one: Log into the Parent Campus using your established credentials. If you do not have access, please see below. Click “more” at the bottom of the menu.

Step two: Select “Course Registration.”

Step three: Ensure you are viewing 20-21 Cambridge High School.

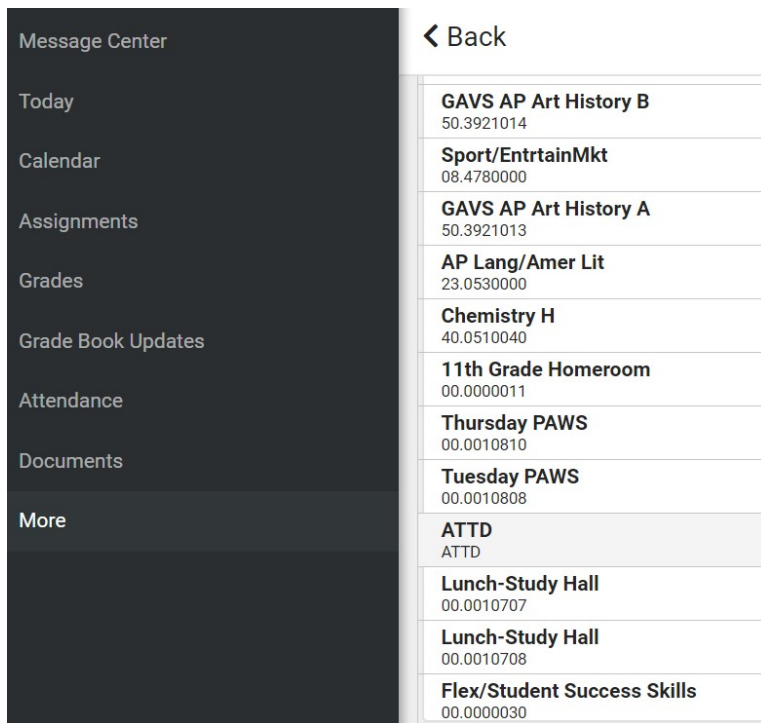

Step four: Your student's course requests should be available. From this page you can only review the requests.

Note:

- The view in Infinite Campus shows a list of courses only. It is not a class schedule. The courses are listed in no particular order.
- Fulton Virtual classes are listed as GAVS class names with an FVS period placeholder to distinguish it from a GAVS class.
- Dual Enrollment courses are also placeholders. The actual classes will be added once the student is confirmed as registered by the College. (If taking classes at any other college besides Young Harris, please forward a copy of your college schedule to your counselor ASAP).
- Flex/Student Success Skills is a program that will be rolled out to all students during advisement.

The district has moved all students to Universal Remote Learning at their home school. All students will be taking their classes at Cambridge via live instruction with their teacher.

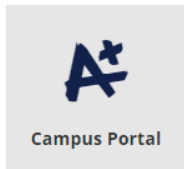

Step five: Please review your student's Course Requests, then fill out the form below to confirm if the classes listed are correct or if there is an error. If there is an error, space is provided on the form to list the class or classes that need to be corrected.

The Form and Course Requests in Infinite Campus will open today, Tuesday, July 28, 2020, and close on Wednesday, July 29, 2020, at 4:00 pm.
