Weekly News & Notes

November 2, 2020

Greetings Hornets,

I hope that everybody safely made it through the storms of Thursday evening and Friday morning. I know that many homes in our area did not have their power restored until Friday, Saturday, or even later. I am also aware that many of our families experienced wind or tree damage.

I received some emails over the weekend asking questions about assignments that were due Thursday, Friday, or today. We are all aware that many of our students did not have power or Internet access and many of our teachers were in the same boat! If your student has any questions about when assignments are due, please reach out to the appropriate teacher.

The 12-Week grading period closed on Friday which means the last Progress Report of the school year will soon be available in Infinite Campus soon.

Corrections from Last Week:

I apologize for a couple of errors in reference to grading policies in my email from last week.

- Please make sure you are checking your student's grades. If your student has an "Incomplete" or "I", this means that the assignment is currently not factored into your student's grade. Students must complete 10 out of 12 summative assignments to pass. Failure to complete the required number of summative grades would result in an *Incomplete* for the course. This means a student would not receive numeric credit.
- The District's updated grading policy states that student redo/retakes must be completed 10 school days prior to the end of the semester. Consequently, the last day redo/retakes can be submitted is **Friday, December 4, 2020.**

2020 Election

A reminder that, on Tuesday, November 3, 2020, Roswell High School will be a polling place. There is no school for students and staff have a work-day, although the District has allowed staff to work from home.

School Nutrition News

Due to the USDA waiver that allows free meals for all students, students who bring their lunch from home can supplement their lunch with free, healthy options. Another great opportunity for parents to save time and money when packing lunches in the morning.

To ensure children have access to healthy and safe foods that promote optimal development, Fulton County Schools with a Free & Reduced eligibility of 50% or greater will begin distributing ***Weekend Meals*** at no cost to families.

Mid-November, qualifying schools will begin sending free weekend food bags home with students. Inside the weekend meal bag, there will be two breakfast meals and two lunch meals, to make sure children eat regularly while away from school over the weekend.

For students not attending school face-to-face, Curbside Meal Kits will also include weekend meals. Free Meal Kit Distribution will continue every Wednesday at Curbside Pick-Up locations throughout the district!

- Elementary School locations are open on Wednesdays from 8:30-9:30.
- Middle School and High School locations are open on Wednesdays from 9:30-10:30.

Meal kits will include a variety of ready-made and reheat-ready choices. Meal safety, reheating instructions, and a menu will be provided in meal kits. Grab & go meal kits will continue to be FREE for all children 18 & under.
