September 24, 2020

Good Morning Raiders!

We are excited and ready to welcome another group of students back into the building today! Students must wear masks, follow the hallway and stairwell directions, remain socially distanced to the greatest extent possible, clean and disinfect their own workspace each period and wash hands often. We strongly encourage our students to bring an individual water bottle and personal hand sanitizer.

Raiders, please remember that it is all our responsibility to keep each other and our community safe. Just like our staff, our students should not come to school if you are feeling ill. Each morning, we ask both staff and students to complete a wellness check before coming onto campus. Students should remain home if there are any symptoms of Covid-19. As a reminder this year, final exam exemptions have no attendance connections so there is no need to come to school and risk exposing others if you are ill or if you have been in direct contact with anyone with Covid-19. More information can be found on the district website:

<https://www.fultonschools.org/coronavirus>

Below is the wellness check that all Fulton faculty must complete each day. We ask that our students also conduct this self-check each day before coming onto campus. If you answer yes to any of these questions, please stay home:

- Fever/temperature at or above 100.4 or chills or sense of having a fever
- Cough that you cannot attribute to another health condition
- Shortness of breath or difficulty breathing
- Ongoing fatigue that cannot be attributed to another health condition
- Muscle or body aches that you cannot attribute to another health condition or a specific activity, such as physical exercise
- Headache that cannot be attributed to another health condition
- New loss of taste or smell
- Sore throat that cannot be attributed to another health condition
- Congestion or runny nose that cannot be attributed to another health condition
- Nausea, vomiting or diarrhea that cannot be attributed to another health condition

If you answered 'YES' to having any of the above symptoms, STAY HOME

Parents and students, please know that we are also required to conduct random student temperature checks each day students are on our campus. Please speak with your child about this expectation.

That's all for today, Raiders! Stay Safe!
