Proposed Schematic Design for a Conley Hills K-8 Replacement School
Reconfigure and renovate a Replacement Conley Hills K-8 School at the current Paul D. West Middle School location; this effort:

• Delivers a flagship Conley Hills Replacement K-8 facility
• Substantially modifies, upgrades and improves the existing facility, including replacement of select critical building systems
• Adds required site amenities to support the curriculum
• Improves security and aesthetics of the building
• Reconfigures building layout to support requirements for primary grade students and staff
• Leverages the middle school spaces to meet K-8 curriculum
