2021-2022 School Year: Face-to-face instruction will be the default option for all students when Fulton County Schools return in August of 2021. FCS will have two virtual options. The Fulton Academy of Virtual Excellence (F.A.V.E.), where students enroll in a permanent, full-time virtual school. The second option is through Fulton Virtual where students remain enrolled in their current school and take advantage of virtual course offerings. Fulton Virtual enrollment is part-time enrollment, with a maximum of 1/2 of the school-day schedule for high school students. Course offerings vary by grade level, a full list can be found on www.fultonschools.org.
