

Spring 2021 Testing Survey

Start of Block: Introduction

This year, the district will continue to offer a variety of state and national assessments to help us understand how our students are performing. The State of Georgia is moving forward with administering the Georgia Milestones to all students in grades 3-8 and high school students taking Algebra I, US History, Biology, and/or American Literature (grade 11).

This year, the Georgia Milestones End of Course tests will count for 0.01% of the final grade in a high school course. For students in grades 3 - 8 the Georgia Milestones will NOT be solely used for promotion or retention decisions.

The College Board has also announced multiple options for students to complete this year's AP Exams. Based on these changes, we would like to understand which of our families' plans for spring testing. This information will help us prepare our test sessions and staffing.

The survey will be open until Friday, March 19. Our goal is for ALL FCS students to answer the survey, including those learning face-to-face and those learning remotely.

You will need to complete the survey once for each of your students at FCS.

End of Block: Introduction

Start of Block: Confirmation

Based on the information you provided, you are answering this survey on behalf of your student **\$(m://FirstName) \$(m://LastName)** at **\$(e://Field/SchoolName)**. Is this information correct?

Yes

No

End of Block: Confirmation

Start of Block: Navigation

What is your child's learning environment for the 4th (last) nine weeks of school?

- My child is at school, face-to-face
 - My child is a remote learner
-

Please indicate your child's grade level:

- Pre-kindergarten through Grade 2
 - Grades 3 - 5
 - Grades 6 - 8
 - Grades 9 - 12
-

Please select all of the courses your student is currently taking:

- Algebra I or Accelerated Algebra I / Geometry A
 - Biology
 - US History
 - American Literature
 - None of the above
-

Is your child taking an Advanced Placement (AP) course this year?

- Yes
 - No
-

Georgia Milestones has not been waived by the Federal or State government. All face-to-face students will be expected to participate in the assessment during the regularly scheduled school day.

Please confirm your child's participation:

- Yes, my student will participate in testing
- No, I will refuse testing for my student

End of Block: Navigation

Start of Block: Milestones Plans

Georgia Milestones has **not** been waived by the Federal or State government. In addition, the Georgia Department of Education requires all Georgia Milestones Testing to occur in person, in a school building.

Do you plan to send your child to school for testing during the regular school day on the day his/her grade level is testing?

- Yes
 - No
-

Are you willing to send your child to school for testing outside of the regular testing period being used by face-to-face students (i.e. willing to send them after school)?

- Yes
- No

End of Block: Milestones Plans

Start of Block: High School AP Plans

The College Board is providing an in-school paper/pencil testing option (May 3-17) and an at-home digital testing option (June 1-11). Both exams are full-length exams.

The ONLY option for world language and music theory exams is the May 3-17 in-school paper/pencil exam. The College Board does not have an at-home digital exam for these subjects.

All makeups for missed May exams (student exam conflict, quarantine, etc.) will be automatically assigned as June at-home digital exams. World language and music theory exam makeups will be held at-school paper/pencil during the June window.

Other than the paper/pencil exams for world language and/or music theory, which testing window will your child use for AP exams?

- May 3-17: In-school, paper/pencil exams
- June 1-11: At-home, digital exams
- I would like to use both the May and June windows (some assessments in both)

End of Block: High School AP Plans

Start of Block: Device Readiness

The Georgia Department of Education requires all testing to be completed on FCS devices.

Does your child have an FCS technology device (e.g. laptop, Chromebook)?

Yes

No

Is your child's FCS device working properly?

All parts are attached and working, it runs well, connects to the internet, holds a charge for minimum of 2 hrs, etc.

Yes

No

I don't know
