New Prospect Elementary School Governance Council

The School Governance Council focuses on the strategic plan and its four pillars to make the New Prospect Experience amazing for you and your family!

Here’s how our School Governance Council continues to support and grow our community, Fall 2019-2020:

- Hired an RTI Coach (Response to Intervention) to improve teacher and student performance
- Began a New Families Initiative to help new families connect to our school and community
- Partnering with the City of Alpharetta to provide health and wellness opportunities for students
- Growing our mentor program, partnering community members and Alpharetta High School students with New Prospect 4th and 5th graders
- Monitored general fund and budget accountability reports

SGC Elections are this March! Stay tuned and join us! [https://www.fultonschools.org/elections](https://www.fultonschools.org/elections)
