Dear Parents,

Fulton County plans to implement **Digital Learning Days** in the event that school is closed 2 or more days due to inclement weather. Digital Learning Days are an opportunity to engage in learning remotely instead of attending school onsite on an inclement weather day.

**What to expect:** Students in grades K-2 should spend no more than 90 minutes working on their assignments. All assignments are due 1 week after our return to school unless additional time is provided by the teacher. If you do not have access to technology and require alternative assignments, please let your teacher know. Your child's Digital Learning plan that is specific to Kindergarten is included. If you have any questions about the assignments, please do not hesitate to email your child’s teacher.

Students who do not have access to a device and/or the Internet at home will receive a packet to complete. Packets will be sent home with students upon returning to school after the Digital Learning Day.

The Kindergarten team has collaborated to determine activities that students will need to complete at home on our Digital Learning Day.

Kindergarten students will complete the following assignments:

- **20 minutes of iRead.**
  - To log-on to iRead go to the River Eves website, click on the Student tab, and then click on ClassLink. You will then log in using your child’s ID number (lunch number) as their login and their birthday (MMDDYYYY) as their password.
  - Once in ClassLink, you will click the HMH Central App. You will then log in using your child’s ID number (lunch number) as their login and their birthday (MMDDYYYY) as their password.

- **20 minutes of iReady Math**
  - To log-on to iReady go to the River Eves website, click on the Student tab, and then click on ClassLink. You will then log in using your child’s ID number (lunch number) as their login and their birthday (MMDDYYYY) as their password.
  - Once in ClassLink, you will click the iReady App.

- **20 minutes of Digital Learning Day Writing Prompt**
  - Students will write and draw about what they did on their Digital Learning Day.

A hard copy of how to log on to iRead is attached with their log in information. The links will direct you to the assignments that need to be completed. If you need an alternative assignment that is paper/pencil (instead of digital) please contact me before the digital learning day.

I will be available by email throughout the day. If you have any questions please contact me.

Sincerely,

Mrs. Tavormina
