All Smiles

Theatre for the Very Young

How do you smile? With your mouth or with your eyes? Does it show on your face or just on the inside? We all have different ways of showing, sharing & processing our emotions. So, when we send a smile to a friend, how is it received? What happens if it gets returned to sender? Created in partnership with the Marcus Center for Autism, this delightful show explores how all smiles are different.

The program is open to pre-Kindergarten classes of 23 students or less, with a minimum of 1 chaperone/teacher for every 5 children. If your group has special needs, please let us know.
