A Musical Tour Through Latin America

Havana Son

Playing the salsa, meringue, son, cha cha and boleros, Havana Son takes students through a musical tour of Latin American countries, including Cuba, the Dominican Republic, Mexico, Colombia, Panama and Puerto Rico. Students join in by clapping, singing, dancing and even playing along as Havana Son moves through the musical traditions of each country. Flamenco

Flamenco is an art form of dance, guitar, and song, with Arabic, Indian, European, African, and Latin American influences. At its core, it is an improvised art form that depends on interaction among those making the action happen, as well as the witnesses who help create the excitement. Songs are sung in Spanish, as Flamenco developed in Andalucía. Lyrics portray daily life in Spain, and many times reflect the history of the people who created and popularized the songs. This trunk is designed to give your students an opportunity to learn how Flamenco connects with geography, language, fashion, literature, and Spanish culture.
