The Rhythm of a Culture: Latin America

Discover the rich culture & history of Latin America with this interactive, hands-on arts integrated lesson! Each student is provided an instrument and guided through a “rhythm-based experience.” Along the way, they’ll explore the rhythms of Brazil, Cuba & Haiti and learn how different ethnic groups blended to create new and unique cultures. Students will also hear about Latin American history, learn a Latin American folk song, and come away with a better understanding and appreciation of the diverse part of the world! This program is designed so the performer will visit your school, seeing all 6th grade classes during one or two days.

Mapping Flamingo

Julie Galle Baggenstoss

Mapping Flamingo

Explore the map and culture of Latin American countries, including Brazil, Peru, Cuba, and Argentina, and find out how ideas about these dance forms traveled the Columbian Exchange to finally blend with the culture of Spain to create a large and varied portion of Flamenco, across a history of international exchange, wars of independence, and acts of solidarity. Kids dance and create Flamenco rhythms during this assembly program that always includes Spanish vocabulary words and can be presented totally in Spanish upon request.

Fairytale, Folktales, Fables, and Myths!

Mama Koku

Fairytale, Folktales, Fables, and Myths!

Marie Kulu guides students in acting out these four genres of stories and identifies the characteristics of each. Costumes and props are used in all four of these stories and unique recipes are created for each. Students can also explore the imaginative ways the authors adapt fairy tales to match their own culture.

Didgeridoo Down Under

Michele Fournos

Didgeridoo Down Under

Imagine a mysteriously diverse and beautiful land entirely on the other side of the planet... A land of endless coastline, vast deserts, verdant forests and towering cliffs... A land containing some of the most unique and varied wildlife on earth... A land of endless coastline, vast deserts, verdant forests and towering cliffs... A land that produces an instrument called the didgeridoo, which unique and varied wildlife on earth... A land of endless coastline, vast deserts, verdant forests and towering cliffs... A land containing some of the most unique and varied wildlife on earth... A land of endless coastline, vast deserts, verdant forests and towering cliffs... A land that produces an instrument called the didgeridoo, which

And Then They Came for Me: Remembering the World of Anne Frank

Georgia Ensemble Theatre

And Then They Came for Me: Remembering the World of Anne Frank

And Then They Came for Me is a unique theatrical experience: a multimedia play that combines videotaped interviews with Holocaust survivors Ed Silverberg and Eva Schloss with live actors recreating scenes from their lives during World War II. Part oral history, part dramatic action, part direct address, part remembrance, the ensemble-driven. And They Came for Me accurately portrays an important historical event, while encouraging teachers and students to think about timely issues.

Follow the clues and explore the water cycle! With this interactive activity from the Project WET curriculum, students will discover the many different stops that water can make as it travels through both the natural and manmade water cycle. Students will learn how interconnected our communities are with our natural environment and will discuss actions we can take in our daily lives to help conserve and protect our water resources.
