

ATTENDANCE: PARENTS, SCHOOL, AND AUTOMATION An 'automatic phone parent notification' is now generated when any absence is entered by a teacher during the class day. Please submit a virtual note (to

cmsfrontoffice@fultonschools.org). You may attach a scan or picture of a Doctor's excuse to the email for additional documentation.

Examples of excusable absences are illness, funeral attendance, and religious observance. The average time from the absence to the correction for an excusable absence is 1-2 days. When you receive this call and if you have already communicated an explanation of the absence, no further action is needed. Should you wish to confirm that your student's attendance is accurately logged, you may check Home Access Center a few days after an absence. Simply run your mouse over the day to see more detail. Remember that the beginning of the day starts promptly at 8:55. CMS appreciates your participation in this process to assure maximum instructional time.
