What is IB?

The International Baccalaureate Programme is:

- A collection of rigorous academic courses designed to promote global citizenship and learning
- Types of courses: Standard Level and Higher Level
  - Both 7 extra points
- Two paths: Diploma Programme and Course Candidates
- Diploma Specific
  - Extended Essay
  - Theory of Knowledge
  - Creativity, Action, and Service
What makes an IB learner?
AP vs. IB

- Variety of Questioning
- Just the facts
- Strictly classes
- AP Exams
- Classes operate independently of each other
- Just one exam at the end

- Writing-based
- Personal Expression
- Diploma or Courses
- More than academics
- Classes relate to each other
- External and Internal Assessments, 1-7 Point System, EE and CAS (multiple forms of assessments at the end)
Success at Centennial High School

Centennial’s Statistics with IB Economics:

Exam: 100% pass rate

International Average: 4.72  Centennial Average: 5.33

A Perfect Score
Perks of the IBDP

- College: average acceptance rate of IB students 22% higher than general population (2018)
