5. Informational Item: Principal In updated the council that Dr. Looney will recommend that we be allowed to roll over the seed fund money to next year. Teachers are working hard during Digital Learning. Teachers have gone out of comfort zones with technology tools and thinking about how it can be incorporated into the classroom upon returning. Ms. In discussed information about how families can retrieve materials left at the school. The details of the plan will be sent out to parents. On May 22, Creek View teachers and staff will have a "REVERSE PARADE" (teachers will be six feet apart) where families may drive by the school and wave. It was suggested that the Room Coordinators also send the information to parents of each class about the process Ms. In sends out. Ideas for 5th grade graduation information was discussed. Plans are still being discussed but nothing is finalized. Dr. Looney is planning to implement seven late start dates into the calendar. One hour will be used for Professional Learning for staff. However, the building will be open to receive students. Plans for students during that time have not been decided.
