

CHOOSE 180

Drug & Alcohol Prevention Workshop

FCS Choose 180: Drug & Alcohol Prevention Workshop in partnership with Pathways2Life is committed to PREVENT addiction before it happens in this next generation. P2L educates students on the risks associated with early use. By being in the schools, P2L has the unique opportunity to engage students and help them identify risks associated with early use, make wise choices and live purposefully. There is a transition zone that exists between the ages of 13-20 where students are in the most danger for developing high-risk behavioral patterns. This presents an opportunity for Pathways2Life to engage students and help them to identify risks, choose wisely and live purposefully during those years which are traditionally middle and high school.

Pathways2Life
prevention • crisis intervention • support
