Coronavirus (COVID-19) Update | April 10, 2020

The Georgia Department of Education shared information with FCS regarding the Center for Disease Control's recently released precautions for employees reporting to work for essential functions. Precautions now include wearing face masks [while in the workplace](#). Fulton County Schools is making adjustments to our food distribution program to comply with these precautions.

Based upon these precautions and the limited quantities of available masks at this time, the school system will only be providing meals on Wednesday, April 15 for next week. Meal distributions will take place at [all 21 locations](#). Distributions are canceled for Monday and Friday.

We are in the process of reevaluating our capabilities to provide masks and adhere to these new CDC recommendations for the long-term. Food distribution is an important part of supporting our students, but we must balance that critical need with the health of our employees and the community. The circumstances around the pandemic continue to evolve and we must make changes as they do. Additional updates and information about our food distribution program will be shared soon.

###

About the Fulton County School System. The Fulton County School System is the fourth largest school system in Georgia. More than 93,500 students attend 106 schools in the cities of Alpharetta, Chattahoochee Hills, College Park, East Point, Fairburn, Hapeville, Johns Creek, Milton, Mountain Park, Palmetto, Roswell, Sandy Springs, South Fulton, and Union City.
