Informational Item: Principal's Update, Camille Christopher

Start back 8/17. Many teachers have been coming in already to prepare and are very excited to be back. The last time our entire staff and students were in together was March 1st. It will be nice to have every back. The superintendent has been very transparent about bringing everyone back face-to-face safely.

The principal and school leaders have been working on putting together a schedule which will be shared on Friday. PreK – 2nd is a minimum of 135 minutes. 3-5 is 180 minutes a day. We have to take into consideration all student needs when it comes to the schedule. Another thing that you will notice is that we have been very mindful with the schedule when it comes to families. We know that some families might have more than 1 child at this school, so we made the lunch time the same for everyone.

The goal is to have devices distributed on 8/13. 3rd – 5th grade will have their devices and materials they need to work from home. 2nd grade students will get a device but not by the first day of school. There will be learning packets available for the younger children while Findley Oaks will provide live instruction for families that have access. Stay tuned for more information about that.

All staff will be back on 8/3. Over the next couple of weeks, we will be going through trainings to support everyone for this school year. Vanguard (instructional technology teachers) will also provide support within in our school.

There is a lot of information in the flyer so keep looking for it. Sneak Peek will be virtual on 8/12. The link to the event will be available soon. There is a 45 minute for a sneak peek. Parents can stop by any time during that window.

A question came about the charter dollars. Erin King said that the school will get charter funds this year, but the amount and time frame will be coming soon from district. Ms. Christopher said once we get that information we can start thinking about our needs for the year. Amy Blackman asked how the seat count is going to work this year and will there be any impact. Ms. Christopher said we will still have the seat count. Since we are not doing individual virtual learning, we should not be impacted. The remote learning took that away which is a good thing.

Discussion Item: Determine Meeting Schedule for SY 2020-2021

All meetings at 3 pm: 8/19, 9/23, 10/21, 1/20 committees, 2/17, 4/21, 5/19

Public Comment will be added to the Sept. and April meetings

Committees will meet when they see fit. Claire encouraged the council to continue the great conversations that were happening at the end of last year.

Discussion Item: Set Next Meeting Agenda

Amy asked if anyone had anything to add to the next agenda besides the standard. Ms. Christopher asked that we continue the discussion of outreach.
