Expectations for Diploma Programme and Course Candidates

Diploma Programme (DP) Candidates = students working toward full IB Diploma by taking 6 IB classes and completing the DP Core (CAS, EE, TOK). Course Candidates (CC) = students taking 1-2 IB courses apart from the full Diploma.

- **Students are expected to adhere to all of the Alpharetta High School policies outlined in the most recent Handbook for Students and Parents.** These policies specifically include (but are not limited to):
 - Academic Honesty
 - Assessments
 - Attendance
 - Makeup Work
 - Student Conduct
 - Student Scheduling
- **Students are expected to adhere to all policies set by the International Baccalaureate Organization.** These policies include (but are not limited to):
 - General Regulations: Diploma Programme
 - IB Assessment principles and practices
 - Academic Honesty in the IB
- **Students are expected to complete all internal and external IB assessments with due diligence and the utmost integrity.**
 - All internal assessments must be turned in by each teacher's specified due date as noted in published course syllabi and calendars.
 - Students are expected to remain in good academic standing by maintaining at least an unweighted 74 average in all IB classes.
 - Student-Parent-Teacher conferences will be held for any students whose grades fall below an unweighted 74 at the end of a semester to evaluate the advisability of the student continuing in the course. Students who fail a semester of an IB course will not be able to continue in the course.
 - Failure to adhere to the Academic Honesty Policy may result in a student's ineligibility for the IB Diploma and any potential associated college credit and may result in dismissal from the IB Programme at AHS.
- **Students will be required to use various digital platforms to log and submit CAS activities, IB Assessments (including TOK), their Extended Essay, and other IB coursework.**
 - Once students have been registered for the relevant accounts, they will be responsible for all required submissions and/or work submitted through those platforms.
- **Diploma Programme (DP) students are required to complete all core elements of the IB Diploma Programme in an exemplary fashion.**
 - Core elements include: Extended Essay, CAS, and Theory of Knowledge.
 - Failure to complete and submit even one of these core elements will result in automatic ineligibility for the IB Diploma and potentially college credit associated with IB courses.
 - Failure to complete a core element once students have been registered for IB exams will result in the student's family reimbursing costs as noted below.
- **Only Diploma Programme (DP) students who pass all IB classes, complete exams, and core elements of the IB Diploma Programme will be recognized at Alpharetta High School's Honors Night and graduation ceremony as IB Diploma Programme Graduates.**
 - Course Candidates do not receive additional recognition at AHS for completing individual IB courses.
 - Note: International Baccalaureate Diplomas are issued to candidates during the fall after a student graduates pending exam results and other associated scores.
- **Students must follow the Exit Request Policy if unable or unwilling to continue in the IB Diploma Programme.**
 - All Exit Requests are subject to the Schedule Change policies as outlined in the Handbook for Students and Parents.
 - If students who exit have already been registered for IB exams, the student's family will still be responsible for reimbursing Alpharetta High School for all fees as outlined in the cost chart.

- **Consent to Submit Students' Work to IBO**

- For students who do not use the candidates.ibo.org site to upload their eCoursework, the IB requires that student's IB school (via the programme coordinator or any other staff member authorized by the school) obtains consent and/or permission from the students (and their parents if required by your local law or school policies) allowing the upload of eCoursework on the student's behalf.
- The IB relies on legitimate interest when processing coursework of candidates to carry out its educational mandate. For additional information about the use of personal data and privacy for eCoursework, please refer to the eC3 Privacy Supplement.
- By submitting this declaration, you understand and consent to the programme coordinator or another authorized school staff member uploading your work to the IB's eCoursework system.
- You also confirm that you are at least 15 years old and that the version of any materials you pass to your programme coordinator or another school staff member is the correct and final version, is your own work and that you have correctly acknowledged the work of others. Failure to do this will be investigated as a breach of IB regulations.

- **Students are expected to sit for exams and submit all work associated with IB classes. Costs of exams will be reimbursed by the student's family IF:**

- the student withdraws from an IB class AFTER being registered for the associated exam
- the student does not sit for an associated exam
- the student does not complete an IB requirement (e.g. IA, EA, EE, TOK, CAS etc.) by the assigned deadline; note that these tasks are subject to IB assessment policies and not the FCS recovery policy

IB Cost Chart*

Exam Registration Components	Fees*
Subject Registration (6 subjects x \$119 per subject)	\$714
Theory of Knowledge (TOK) Registration**	\$46
Extended Essay (EE) Registration**	\$91
Creativity, Action, Service (CAS) Registration**	\$10
Local Administrative Fees	\$100
Total Cost per Student	\$961

NOTE: potential costs for Course Candidate vary depending on the courses being taken.

* Fees listed are for school year 2020-21 based on the schedule of fees established by IBO; fees are subject to change.

** The fee is for each core requirement of the Diploma Programme a course candidate is registered for, and for diploma candidates retaking a core requirement. These core fees do not apply to a diploma category registration.

By signing I am acknowledging receipt of and commitment to the expectations for the IB program at Alpharetta High School. I understand that the IB Diploma Programme (IBDP) is a two-year commitment and an exit request process must be completed should I decide to no longer continue with the program. Additionally, I understand that the failure to complete any of the above expectations will lead to a plan of improvement and/or possible removal from the program. I also understand and agree to the policy regarding exam fees and the family's responsibility to reimburse fees due to any of the conditions mentioned above. I also give consent for AHS's IB Diplomp Program to upload work to the IB on my behalf. I understand that to be recognized as an IBDP graduate at Honors Night and/or graduation, all IB classes must be passed, IB assessments and all core elements (TOK, CAS and EE) must be completed, and any additional graduation policies or procedures have been met.

IB Theory of Knowledge Permission Form

Through our charter and to meet the requirements of the International Baccalaureate Diploma Programme, AHS has been granted the opportunity to create college-like courses that meet only a few days a week (Mondays, Wednesdays, and Fridays or Tuesdays and Thursdays) on Alpharetta’s campus. The classes will meet a bit longer each day, and there will be an expectation that students may access digital content online when not in the face-to-face classroom. For example, students may be asked to blog, read texts, watch videos, write papers, research, work through problems, etc. Teachers will have office hours, and students will be able to make appointments as needed for additional support. For the 2021-22 academic year, students will take IB Theory of Knowledge on Tuesdays and Thursdays and a separate IB course (TBD) on Mondays, Wednesdays, and Fridays. Attendance for both classes is mandatory.

By signing below, you acknowledge the following:

- We have read the FAQ on blended learning and understand how it differs from a regular class at AHS. Additionally, we understand that attendance is a crucial component to success since the courses only meet twice a week. Likewise, tardies and early check outs could have a detrimental impact on learning. We understand students are responsible for their own transportation and must complete digital work outside of class.
- We know that if students have questions, they may email their teacher or come see them during office hours. We understand that any Blended student who is at a 74 or below after the 6-week grade report will be required to attend weekly office hours/RISE for support.

Student Name (Please Print) _____

Student Signature _____ Date _____

Parent Signature _____ Date _____

Deadline to submit this form is March 15, 2021, to Mr. Fortunato but it can be submitted earlier (recommended).

	Bell Schedule	Times	Duration of Class	Lunch Changes
Monday Wednesday Friday	Regular Bell Schedule	8:00 – 9:25 am	1 hour 25 minutes	As scheduled
	<i>Please note this option begins before the regular school day begins.</i>			
	Bell Schedule	Times	Duration of Class	Lunch Duration
Tuesday Thursday	Regular Bell Schedule	8:00-9:25 am	1 hour 25 minutes	As scheduled
	Anchor Time Schedule	8:00–9:18 am	1 hour 18 minutes	As scheduled

AHS Blended Courses Frequently Asked Questions

Q: How is an AHS Blended Course different from a regular class at AHS?

A: A blended course meets face-to-face fewer times a week for longer periods of time with the expectation that students will access digital content on their own during the other days of the week. In a blended course, class time is focused on teacher, peer, and group interaction and the online component focuses on individual reading, writing, problem-solving, and research.

Q: What days and times does the IB Theory of Knowledge class meet?

A: TOK is held during first period on Tuesdays and Thursdays. Class begins at 8:00am and ends with the first period bell (9:25, on a regular schedule day).

Q: Where do students go on the days they do not have class?

A: **Diploma Programme Candidates** will attend class on Tuesdays and Thursdays during first period (regular start time of 8:20am) to attend the Theory of Knowledge course. On Mondays, Wednesdays, and Fridays they will attend another IB course from 8:00am until the end of first period.

Q: What do I do about transportation since classes begin and end outside school hours?

A: While the morning class was designed taking into account the needs of bus riders, students are required to ensure their own transportation so as to arrive on time to classes.

Q: How will I receive support for this course if I am struggling?

A: Blended teachers will host regular office hours for support. Students may also reach out to instructors through email.

Q: What happens if I my grades are not keeping me on track to graduate?

A: Student-Parent-Teacher conferences will be held for any students whose grades fall below an unweighted 74. Students may also meet with the IB Coordinator to discuss their progress and provide support.

Q: How much time will a student in a blended class have to spend on the course outside of class?

A: Students should expect the same workload as for the same course that meets five days a week; however, the way the work is completed may look different.

Q: Will assessments be given on-line?

A: Most major assessments will be given in class, but some assessments may be completed at home on-line.

Q: What are the characteristics that can lead to success in an AHS Blended Course?

A: Self-motivated, flexible, responsible, self-advocating students who are open to trying new ways of learning and able to manage their time should enjoy the blended environment.
