# WHAT IS THE STATE'S GRADES REPORT FOR OUR SCHOOL?

## IMPORTANT Note regarding 2019-2020, 2020-2021, and 2021-2022 data:

For school years **2019-2020**, **2020-2021**, and **2021-2022**, various pandemic-related issues resulted in incomplete data for most metrics and there was significant variation in student participation rates where data are available. Therefore, it is not advisable to make comparisons between schools and/or districts for these years. Additionally, the GaDOE did not calculate a CCRPI for school years 2019-2020, 2020-2021, and 2021-2022. Since GOSA's A-F grade is based on the school's CCRPI calculation, this site will not include a letter grade for the affected years.

# WHAT CURRICULUM DOES OUR SCHOOL USE?

- Fulton County uses the Standards Mastery Framework to ensure all students are meeting mastery of state standards
- State standards are provided by Georgia Department of Education

# What is the Standards Mastery Framework?

## Standards Mastery Framework in FCS

The Standards Mastery Framework (SMF) is a set of tools designed to ensure a **guaranteed and viable curriculum** and **deeper personalization** of the learning experience for FCS students.

### The **tools include:**

- **Learning Maps** that consist of
  - **Prioritized Standards**
  - **Proficiency Scales**
  - **Evidence Blueprints**
- Assessment items and tasks
- Scoring guides and student exemplars
- Scales for reporting student success skills
- Focus lessons

With the Standards Mastery Framework, teachers may **enable each student to advance within and between courses upon demonstrated mastery** and plan their instruction by **considering 5 essential questions:**

- What do students need to know?
- How do we know that they know it?
- What is the plan for initial learning?
- What do we do if they don't know it?
- What do we do if they already know it?

# What is a Guaranteed and Viable Curriculum?

---

*Essentially, a **guaranteed** and **viable** curriculum is one that is **being taught** in every classroom and **can be taught** in the time available.*

# WHAT TESTS WILL MY CHILD BE TAKING?

## **i-Ready and MAP Diagnostics**

- An Adaptive Diagnostic Assessment showing what students know and what they are ready to learn. An Adaptive Diagnostic means the questions change based on answers to earlier questions

## **WriteScore**

- A standards-based, Georgia Milestones-aligned writing assessment given to students in grades 3-8 that offers data analysis, reporting, and resources for teachers to use throughout the year to improve their student's writing

## **WIDAW-APT**

- WIDA ACCESS is administered annually to all English learners in Georgia. WIDA ACCESS is a standards-based, criterion-referenced English language proficiency test designed to measure English learners' social and academic proficiency in English. It assesses social and instructional English as well as the language associated with language arts, mathematics, science, and social studies within the school context across the four language domains.

## **GKIDS**

- GKIDS 2.0 is designed to be "invisible" to students, occurring through routine instruction and classroom activities. Results from GKIDS 2.0 will help identify what your child already knows and needs to learn next. GKIDS 2.0 also provides teachers a way to monitor your child's growth in kindergarten that is developmentally appropriate.

## **Georgia Milestones Assessment System (GMAS)**

- Georgia Milestones is administered to students in grades 3 – 8. GMAS measures how well students have learned the knowledge and skills outlined in the state-adopted content standards in English language arts, mathematics, science, and social studies.

## **ACCESS for ELLs**

- ACCESS for ELLs is an English language proficiency assessment administered annually to kindergarten through 12th grade

## **PSAT (Grades 9-11) and SAT (Grade 12) ACT (Grade 11)**

- Assesses student proficiency in key subjects, as well as supports educators with measuring student progress toward curricula standards, skills, or performance benchmark as outlined in the state-adopted content standards
