

# Edgenuity Student Guide

Edgenuity is used by students enrolled in Grades 6-12 courses.

Students can access Edgenuity on a variety of devices via a web browser. For more information about technical specifications, please visit: <https://tinyurl.com/fcsdigitalresourcetechspecs>

## Login to Edgenuity

1. On a computer go to <https://launchpad.classlink.com/fcs>  
On a mobile device download the **ClassLink** app from the store. The first time you launch the app it will ask you for the name of the school district. Type **Fulton**.
2. In the username box enter student ID#. Elementary students' password is their birthday in this format: MMDDYY  
MS/HS students were encouraged to change their password. Their Launchpad password is the same password they use to login to a computer.

3. Once logged into Launchpad, click the Edgenuity icon.
